

In the general, 1/5 families struggles with food, transportation, housing, or utility insecurity. After a childhood cancer diagnosis and six months of chemo, that number balloons to 1/3 families who struggle with one of those items.

The good news is - you can make a difference.

The Pinky Swear Pack program was founded in June of 2020. The program was built to provide passionate students like you an opportunity to support kids with cancer and their families. Because of your support, families receive financial help with housing, food, and transportation costs so they can focus on what matters most - their child.

Join the growing number of students across the country in making a difference in the lives of kids with cancer and their families.

By joining The Pack, you will spread awareness, fundraise, and be a part of a community that cares. The Pack is also a great opportunity to develop leadership skills and build your resume.

Follow Pinky Swear Foundation on Instagram to learn more about the mission!
